PART IV A

Bills introduced in the Bengal Legislative Assembly; Reports of Select Committees presented or to be presented to that Assembly; and Bills published before introduction in that Assembly.

BENGAL LEGISLATIVE ASSEMBLY DEPARTMENT.

NOTIFICATION.

No. 924L.A.—3rd March 1941.—The following report of the Select Committee on the Calcutta Municipal (Amendment) Bill, 1940, with the Bill embodying amendments recommended by the Committee, is hereby published for general information.

The Report of the Select Committee on the Calcutta Municipal (Amendment) Bill, [*1940.*] 1941.

We, the members of the Select Committee, to which the Calcutta Municipal (Amendment) Bill, 1940, was referred by a motion carried in the Bengal Legislative Assembly on the 10th September, 1940, have the honour to submit this our final report with the Bill embodying amendments recommended by us. Matter recommended to be omitted by us has been printed in italics and included in square brackets and new matter recommended by us to be inserted has been underlined.

The Committee met and began their deliberations on the Bill for the first time at 11 a.m. on the 4th December, 1940, and thereafter on the 5th December, 1940, and on the 6th January, 1941.

As the Committee could not come to a final decision on all the provisions of the Bill by the 31st January, 1941, the time appointed by the Assembly for the purpose, an *ad interim* report was presented to the House and the time for submitting the final report was extended till the 28th February, 1941.

The Committee thereafter met from time to time till the 26th February, 1941, when they concluded their deliberations on the Bill.

The Bill was published in the *Calcutta Gazette* before introduction on the 13th June, 1940, and we do not consider it to have been so altered by our recommendations as to require republication.

The reasons for the changes suggested in the Bill, apart from those of a purely drafting or consequential nature, are as follows:—

Clause 1.

The alteration in the date of the Act has been necessitated by the lapse of time since the introduction of the Bill.

Clause 3.

This clause has been deleted in consequence of the deletion of the proposed new section 19B recommended by us in clause 6.

Clause 5.

We thought it desirable to exclude the few words at the end of the proposed section 19 to avoid any possibility of undesirable controversies.

Clause 6.

The proposed new section 19B was intended as an extreme measure against "incompetence, persistent default in the performance of duties and abuse or excess of powers". In our opinion, the existing provisions of the Act together with the reformatory and penalising provisions introduced by the Bill, including the control of important appointments and supersession of a Department under certain circumstances, are expected, to provide sufficient safeguards against the charges usually made against the Corporation and we have considered it expedient to give the new conditions a fair trial before thinking of a clause for dissolution of the Corporation. We have, therefore, recommended the deletion of this *prima facie* drastic provision from the present Bill.

Clause 7.

In sub-clause (*1*) we have changed "six" to "four" in order to further extend the franchise under clause (*a*) of section 20 of the Act and particularly in view of the fact that there is no class of licenses for the exercise or carrying on of professions, trades or callings for which a fee of six rupees is payable under Schedule VI of the Act.

Sub-clause (2).—We did not consider it advisable to reduce the rent-qualification under section 20(*b*) as we were apprehensive of unscrupulous owners taking advantage of such reduction. We have, therefore, recommended deletion of the sub-clause.

Sub-clause (3).—While accepting the principle of reduction of the rate qualification contemplated by the original sub-clause we considered it desirable also to do away with the necessity of an application for registration required by the present law as all necessary particulars for such registration are available from the *Busti* Inspection Registers maintained by the Corporation. We have accordingly taken the opportunity of revising the entire sub-clause (*c*) of section 20.

Sub-clause (4).—In our opinion franchise contemplated by the proposed new sub-clause (*d*) to section 20 should have a lower rent-qualification for more adequate representation of the persons coming under this sub-clause and we have reduced it from rupees five, as originally proposed, to rupees three. The necessity for an application for registration as provided is expected to be a safeguard, in this instance, against abuse.

Clause 8.

Sub-clause 2.—In our opinion, the mere dismissal of a servant of the Crown unless such dismissal was on a charge involving moral turpitude should not render him ineligible for election or appointment as a Councillor or for election as an Alderman and we have amended the sub-clause accordingly.

Clause 9.

We have inserted a proviso to the proposed new section 36 (*1*). This is intended to provide for the proper representation of the particular constituency involved.

Clauses 10 and 12.

The provisos to the proposed sections 37 (*4*) and 39 (*2*) have been deleted consequentially on the deletion of the proposed new section 19B in clause 6.

Clause 13.

The amendment in this clause is intended to make the provision more stringent in view of the alarming increase in arrears of dues from some of the existing Councillors and Aldermen who are, by virtue of their office, in a more advantageous position than an outsider and are expected to set an example in the matter of payment of their legal dues.

Clause 14.

The deletion has been necessitated by the amendment recommended by us in clause 6 of this Bill.

New clause 16A.

While considering clauses 15 and 16 of the Bill we thought it desirable to take the opportunity of laying down the special procedure to be adopted in election petitions for further scrutiny and recount of votes and the new section 47A has been inserted for this purpose. Among others a preliminary deposit of one thousand rupees as security for costs, counting and scrutiny of votes by the Court, rejection of votes obtained by corrupt practice, casting of vote by lot in case of equality have been provided for after careful consideration.

In the proposed new section 47B we have made clear provisions as to costs and compensation in election cases to avoid any possibility of ambiguity in relation to these matters.

Clause 17.

The sub-clause (*ii*) of the proviso to the proposed new section 51 (*1*) has been deleted in view of the fact that the Committee were strongly of opinion, without casting any reflection on the capacities of the members of the Bengal Civil Service (Executive), that the Chief Executive Officer to be appointed by Government must, for the first few years at any rate, be a member of the Indian Civil Service. Other sources of recruitment for the post should be considered only after the affairs of the Corporation have been brought to a smooth and satisfactory working order.

Clause 18.

We have deleted the last few lines of the proposed new section 51A(*3*) as we considered it undesirable to tie the hands of Government in this matter.

The explanation to the proviso to the proposed new section 51B(*1*) has been inserted with a view to avoid any possibility of circumvention in the matter of temporary appointments.

Some new posts have been included in sub-section (*3*) of the proposed section 51B, as well as in the proviso thereto, as we thought these were of sufficient importance to be covered by the provisions of this sub-section.

In the proposed new section 51C(*2*) we have added a proviso giving to any officer or servant of the Corporation, aggrieved by any order of the Executive Officer, a right of appeal to the Corporation. This is expected to operate as a check against any hasty or arbitrary action on the part of the Chief Executive Officer.

Clause 22.

This clause had to be deleted in view of the deletion of the provision for dissolution of the Corporation

Clause 23.

We have considered it expedient to add an explanatory clause to the proviso that the voting shall be by secret ballot. The intention is to obviate as far as practicable any undue influence or interference, in the matter of free exercise of the right of voting.

Clause 24.

The proposed section 66 has been redrafted with certain alterations. We did not think it necessary that all rules of business made by the Corporation need be subject to the approval of the Provincial Government. It was, in our opinion, essentially necessary, however, that Government should be provided with copies of the rules framed and should have a right to point out any legal or technical defect and also suggest the framing of new rules. The provisions of the original sub-section (*2*) have also been expanded to provide Government with powers to make rules in cases of failure of the Corporation to do so.

Clause 25.

In the proposed new section 66A we have limited the proposed power of the Executive Officer to sanction estimates up to Rs. 5,000 only instead of Rs. 10,000 as originally provided, as in our opinion, this would serve the purpose of the clause without conferring too wide a power on the Officer.

Clause 26.

The amendments to the proposed sub-section (*2*) of section 67 of the Act have been necessitated by the amendments in the proposed new section 66A.

New clause 26A.

In this clause we have proposed insertion of the new section 67A in order to ensure that execution of works or supply of materials involving expenditure over Rs. 1,000 is not undertaken except on the basis of a fair and over-board contract entered into by the Corporation, as the existing "system of cash purchase" is readily amenable to undue influence and improper advantage.

Clause 28.

The slight amendment here is consequential on the earlier amendments in the Bill.

Clause 32.

In amending this clause our object was to let the Corporation have the final say in expanding the scope of primary education although we have left the details of the proposals for such expansion to the recommendation of the Primary Education Standing Committee.

Clause 33.

In amending the proposed sub-clause (*1*)(*bb*) we have extended its scope to all concerns of public utility as we thought that the Corporation should have wider latitude in these matters. The amendment in sub-clause (*2*) is merely consequential.

Clauses 39 and 40.

We have recommended deletion of these clauses as we were of the opinion that these provisions, if enacted and brought into operation, would land the Corporation into difficulties and might also lead to other inequitable results. It is often difficult to realise arrears of consolidated rates from an occupier of land or building when he has left the holding. We were further of opinion that the liability *in rem* provided in section 205 of the Act should be treated as distinct from the liability *in personam* provided in section 200 of the Act. We thought, therefore, that the arrears should continue to remain a charge on the land or building. Experience has shown that a provision for realisation to be completed within three years cannot be worked properly and is bound to result in ultimate financial loss to the Corporation. We have, therefore, thought it proper to delete clause 40.

Clauses 41 and 42.

In these two clauses we have considered it desirable to insert a clear provision against permanent closure of "parts of squares or gardens" except under the provisions of the clause. Some consequential changes being necessary in sections 306 and 307 of the Act the clauses had to be recast and redrafted as recommended by us.

Clause 44.

The earlier portion of the proposed new section 365A(*1*) appeared to us too wide and open to abuse by unscrupulous persons. We have, therefore, limited the scope of the clause. Under our recommendation only those persons who are really affected by any contravention of rules or provisions of this Act, will be entitled to take action under this clause. As an additional safeguard we have inserted the new sub-clause (*1a*) by requiring the Magistrate to scrutinise an application under this section before proceeding with the case.

Clause 46.

We have deleted the original sub-clause (*a*) of the proposed proviso as we considered it undesirable for the Executive Officer to take any action over the head of the Corporation. Government measures should be called for only where the Corporation, and not any of its subordinates, has failed to take action and we have amended the rest of the proviso accordingly.

Clause 48.

We have deleted sub-clause (*2*)(*b*) as we did not find any sufficient ground for raising the limit of penalty in this case.

*Signed subject to the minute of dissent, annexed.

NOTE 1.—Signatures of Mr. K. Nooruddin, M.L.A., Mr. Syed Badrudduja, M.L.A., and Mr. Syed Jalaluddin Hashemy, M.L.A., had not been obtained till the time of printing this report.

NOTE 2.—Mr. J. N. Gupta, M.L.A., Mr. Pulin Behary Mallick M.L.A., and Mr. W. C. Wordsworth, M.L.A., were appointed members of the Select Committee by Mr. Speaker under rule 127 of the Bengal Legislative Assembly Procedure Rules in the respective vacancies caused by the resignation by Maharaj Kumar Uday Chand Mahatab, M.L.A., and Mr. Hem Chandra Naskar, M.L.A., of their membership of the Select Committee and by Mr. F. J. Marindin of his membership of the Assembly.

Minute of Dissent by Mr. J. N. Gupta, M.L.A.

While I reserve to myself the right to suggest any amendments I may think fit when the Bill, as amended by the Select Committee, comes before the Assembly, I sign the report subject to the following minute of dissent:—

In clause 18, in sub-section (*3*) of new section 51A, I consider that the members of the Service Commission should not be appointed on communal basis; hence, I suggest that the fourth and fifth lines be deleted.

Joint Minute of Dissent by Mr. Anukul Chandra Das, M.L.A., and Mr. Pulin Behary Mullick, M.L.A.

We, the undersigned members, sign on Select Committee's Report, subject to the following note of dissent:—

That in clause 17 the appointment of the Chief Executive Officer should not be reserved for the members of the Indian Civil Service, but the same should also be open to the members of the Bengal Civil Service (Executive). Therefore, the original clause (*ii*) should be retained.

That in clause 18 which deals with section 51A, sub-clause (*3*), in place of "one a person other than Muhammadan" the following should be inserted "one a person belonging to the Scheduled Castes." This is necessary to safeguard the interest of the Scheduled Castes who have been systematically neglected in the administration of the Calcutta Corporation.

Joint Minute of Dissent by Mr. C. W. Miles, M.L.A., and Mr. W. C. Wordsworth, M.L.A.

We generally approve of the provisions of the Bill and the alterations made by the Select Committee in so far as they relate to the executive and the proceedings of the Corporation, but we find it necessary to record our dissent with regard to the following points:—

(1) We consider that the inclusion of provisions extending the franchise in a Bill the primary objects of which is to improve the administration of the Corporation inadvisable and inappropriate. The addition of a large number of new voters to the Electoral Roll will tend to increase the opportunities for the irregularities which have been so marked a feature of recent Corporation elections and will hinder rather than help the main object of the Bill. In our opinion extension of the franchise is a separate problem which should be considered in conjunction with the rules governing the conduct of elections and the preparation of electoral rolls and the statutory provisions relating to elections and dealt with in a separate Bill.

(2) In our opinion clauses 43 and 44 do not touch the root of the undoubtedly unsatisfactory position with regard to the regulation of buildings in Calcutta. The trouble is mainly due to the system of sanctioning building rules and to the fact that the building rules themselves are out of date, and we therefore consider that the provision in clause 44 for filing objections to contraventions of the building rules will be of little value so long as the building rules themselves are not revised and may prove a source of additional trouble. We therefore recommend that these provisions should be omitted from this Bill and that Government should immediately take up the revision of the building rules with a view to introducing a separate amending Bill dealing solely with this question.

(3) Our signature of the Report does not denote our acceptance of (*a*) the constitution of the Service Commission as laid down in clause 18, new section 51A(*3*), nor the alteration made by the Select Committee to this sub-clause, and (*b*) the deletion of clauses 39 and 40.

We reserve the right to move any amendments to the provisions of the Bill we consider proper.

Joint Minute of Dissent by Mrs. Hasina Murshed, M.L.A., and Khan Sahib Muhammad Solaiman, M.L.A.

We feel that we cannot sign the Report of the Select Committee without stating our views on certain clauses of the Bill.

Clause 17.—Sub-clause (*ii*) of the proviso to the proposed new section 51(*1*) should not in our opinion be deleted. We very strongly feel that this deletion is absolutely uncalled for and the original sub-clause (*ii*) of the proviso to the proposed new section 51(*1*) should be restored. We fail to understand why this sub-clause should be deleted at all. If any amendment was needed, the scope of clause 17 might have been extended rather than narrowed down, as it is now sought to be done by deleting the sub-clause (*ii*) and thereby debarring a class of officers from being appointed Chief Executive Officer who actually form the backbone of administration in the province. It is very curious that in a scheme of Provincial Autonomy provision should be made for the employment of an officer of the Indian Civil Service over whom the Ministers have no control whatsoever. It is, therefore, a retrograde policy to reserve by statute a post for members of the Indian Civil Service over whom the Ministry have no control. Secondly, from the point of view of efficiency, it cannot be said that officers of the Provincial Civil Service are in any way inferior in calibre, in administrative ability and in other respects to the members of the Indian Civil Service as a class. In spite of the very limited opportunities to the members of the Provincial Civil Service, they have held the highest of administrative posts available to them in the province, for instance, posts of Divisional Commissioners have very worthily been filled by the members of that Service. It is extremely unfair therefore to shut out officers of this category by statute. The suggestion for the deletion of the sub-clause, in our opinion, is tantamount to a want of confidence in members of a Service over which we have control and which has for more than a century established a tradition of which it may well be proud.

Clause 40.—We do not agree that clause 40 of the Bill should be deleted. While we appreciate the difficulties which might ensue if clause 40 were enacted, we cannot at the same time give a *carte blanche* to the Corporation authorities to allow arrears to accumulate through their own indifference and remissness and then make the party liable for such huge arrears of rates and taxes. In our opinion, the deletion of this clause will have the effect of putting a premium on negligence, and we feel that in no case should the Corporation authorities be permitted to realise arrears beyond a certain specified period. There may be a difference of opinion with regard to the period of limitation. If the three years suggested previously be considered to be too small, we suggest that the period be fixed at four. In other words, no rates, etc., will be leviable after the expiry of four years from their becoming due. Four years ought to be enough to enable the Corporation authorities to wake up and to realise their dues. If they do not, the fault certainly lies with the authorities and not with the poor tax-payers. Where is the guarantee that the so-called arrears have not been due to the indifference and negligence on the part of the tax-collectors more than to the unwillingness on the part of the tax-payers to pay? We therefore repeat that we very strongly feel that this sub-clause should be restored, but the period of limitation may be altered to four years.

THE BENGAL MEDICAL (AMENDMENT) BILL, 1937.

A

BILL

further to amend the Bengal Medical Act, 1914.

Preamble.

WHEREAS it is expedient further to amend the Bengal Medical Act, 1914, for the purpose hereinafter appearing; Ben. Act VI of 1914.

AND WHEREAS the previous sanction of the Governor has been obtained under sub-section (*1*) of section 119 of the Government of India Act, 1935, to the passing of this Act; 26 Geo. 5, Ch. 2.

It is enacted as follows:—

Short title.

1. (*i*) This Act may be called Bengal Medical (Amendment) Act, 1937.

Extent and commencement.

(*ii*) It extends to the whole of Bengal.

(*iii*) It shall come into force on the day on which it is published in the *Calcutta Gazette* after having received the assent of the Governor.

2. (*i*) After section 17 add the following proviso:—

Provided that the Local Government may, after consulting the Council, permit registration of—

(*a*) any person who shall furnish to the Registrar proof that he is possessed of a medical degree, diploma or certificate of any University, Medical College or School approved by the Council other than those described in the Schedule and is such as was actually practising the western (modern scientific system of Allopathic) medicine before 27th May, 1914,

(*b*) any person who shall furnish to the Registrar proof that he has obtained proper training in any medical institution approved by the Council and has joined medical profession before the enforcement of the Bengal Medical (Amendment) Act, 1937, provided that he passes a special examination such as the Council may hold for the purpose of granting registration.

(*ii*) In proviso to section 17 between the word "provided" and the words "that the Council" the word "further" shall be added.

STATEMENT OF OBJECTS AND REASONS.

The Bengal Medical Act (Act VI of 1914) was passed in 1914. But unlike similar Acts in the Punjab, the United Provinces, Burma, Bombay and even in England it did not provide for the permanent relief of the then medical practitioners actually practising in the province. In lieu of this the Government of Bengal only provided temporarily for a limited number of trained men to obtain the registrable qualifications by passing examination. This transitory provision is, however, quite inadequate. Many of the medical practitioners, who lived abroad at that time or who remained in the remotest corners of the interior villages and were not aware of the privilege, had been left out. These unregistered practitioners are not now deemed qualified and are not even considered fit to certify their patients' illness or to procure requisite medicines for their patients. Thus the present All-India Medical Mission have come into existence. It was through their efforts that legislation on the subject was tried several times without success. It is now time to consider the matter afresh and some permanent relief is to be given to these poor medical practitioners.

The Medical Act (Act VI of 1914), while restricting the registration of medical practitioners did not restrict the establishment of private medical institutions. Some of these unrecognised institutions have since been recognised. But the students who completed their course of education therein and began to practise before such recognition have been left in the lurch. Therefore it is found that there are two sets of good doctors trained at the same institutions, one set of whom are unqualified for want of registration, while another set are qualified by registration. It is but fair and equitable that such students should be given another opportunity of being qualified.

Other medical institutions still unrecognised are producing medical practitioners. In order to qualify them they should also be given a chance to appear in another Licentiateship examination similar to that of 1916.

It is to do away with the disabilities of these medical practitioners and to enable them to get their names entered in the "Register of Registered Practitioners" that this amendment to the Bengal Medical Act (Act VI of 1914) is required.

K. ALI ARZAL,
Secy. to the Bengal Legis. Assembly.

THE BENGAL RENT REDUCTION (TEMPORARY PROVISIONS) BILL, 1940.

A

BILL

to provide for the reduction of excessive rents prevailing in agricultural areas comprised in permanently-settled and revenue-free estates in Bengal.

WHEREAS it is expedient pending the enactment of further legislation to reduce excessive rents payable by tenants and also to fix the maximum rates of rents payable by *raiyats* and under-*raiyats* in the permanently-settled and revenue-free estates in Bengal.

It is hereby enacted as follows :—

1. (*1*) This Act may be called the Bengal Rent Reduction (Temporary Provisions) Act, 1940.

(*2*) It extends to permanently-settled and revenue-free estates in Bengal, but shall not apply to Government estates and non-agricultural areas comprised in any estate.

(*3*) It shall come into force on such date as the Provincial Government may by notification in the official Gazette appoint and shall continue in force for 20 years from the date of its commencement.

2. In this Act unless there is anything repugnant in the subject or context the expressions holding, *raiyat*, under-*raiyat*, rent, tenant, estate, tenure, under-tenure, proprietor, landlord, and permanent settlement, have the same meanings as in the Bengal Tenancy Act.

3. Notwithstanding any contract to the contrary between the parties in any area to which this Act applies, the rate of annual rent payable by a *raiyat* shall not exceed three rupees per acre :

Provided that if in any estate the average rate of revenue per acre is found to be two rupees or more, the rate of annual rent payable by a *raiyat* may be more, but shall not exceed by more than fifty per cent. the average rate of revenue in that estate.

4. Notwithstanding any contract to the contrary between the parties the rent payable for a holding by an under-*raiyat* to the *raiyat* who is his immediate landlord, shall not exceed, by more than fifty per cent., the rent payable by the *raiyat* to his immediate landlord in respect of the land comprised in the under-*raiyati* holding.

5. Notwithstanding any contract to the contrary between the parties the rent payable for a holding by an under-*raiyat* of the second or a still lower grade to his immediate landlord shall not exceed, by more than ten per cent., the rent payable by his immediate landlord in respect of the land comprised in such under-*raiyati* holding of the second or a still lower grade.

6. Notwithstanding any contract to the contrary between the parties, the rent payable by the tenure-holder or by the under-tenure-holder of any grade to his immediate landlord will be reduced in proportion to the reduction, if any, made in the rent payable by the *raiyat* in that tenure.

The Bengal Rent Reduction (Temporary Provisions) Bill, 1940.

(Clauses 7—10.)

7. After the commencement of this Act, the court, on an application made for reducing rent in accordance with the provisions of this Act, by a tenant whose rent is in excess of the rent as provided by this Act, shall reduce the same in accordance with the provisions of this Act :

Provided that no court shall make any such order unless notice of the application has been served to all the immediate landlords.

8. The provisions of this Act shall not apply to any estate or holding in which the rates of rent are found to be lower than the rates as provided by this Act.

9. Nothing in this Act shall apply to any tenant who holds land under the Government or who holds land at a rent fixed in perpetuity.

10. The provisions of this Act shall not be affected by anything contained in any other law for the time being in force.

STATEMENT OF OBJECTS AND REASONS.

The most burning question of Bengal to-day is the excessive rent imposed upon the *raiyats* by their landlords. In many cases all over Bengal heavy rents imposed upon *raiyats* are now much beyond their economic capacity. In fact, in a great many estates rents have been enhanced to such exorbitant amounts that the lands of *raiyats* have been rapidly passing away from their hands, as a result of which a large number of *raiyats* of this province have already left their lands and have been compelled to take shelter in the jungles of Assam. As an instance of excessive rental of an estate, it may be quoted here that the revenue of Aila Tearkhali and Fuljhuri Estate in the district of Bakarganj is Rs. 372-3-8, while the total demand of rents from *raiyats* of this estate amounts to Rs. 92,987-7-5. The rates of rents existing in many individual *raiyati* holdings in certain permanently-settled areas in the district of Mymensingh have been found to be as high as Rs. 16 or so per acre, while the average revenue is only three annas two pies per acre throughout the whole district. In the district of Howrah the rates of *raiyati* rents have been found to be surprisingly excessive. These rates have gone up to Rs. 25 or so per acre in certain estates. Instances of excessive rents are a legion. It goes without saying that no rent legislation on a very fair and equitable basis is possible for the cultivators without doing away with the permanent settlement and all other intermediate rights by State acquisition as has been contemplated by the Land Revenue Commission. The mover of this Bill believes that it would not be feasible to carry out a scheme of State acquisition of all those rights in less than 20 years, so an *ad interim* legislation for such a period for reduction of high rent is urgently required in anticipation of a better and all-round rent legislation in future, so that no more lands may pass away from the hands of *raiyats* on account of their heavy rents. The Land Revenue Commission has already submitted an elaborate report and has recommended reduction of rent where it is high. The Commission has also made the striking remark that if any reduction of rent is contemplated by Government, it should be made before acquiring the interests of proprietors and tenure-holders.

From a note of dissent struck by a prominent member of Commission, it is found that the average rate of rent in Bengal has increased by nearly 160 per cent. since the time of granting permanent settlement. Moreover, no Zemindar has up till now done any work of agricultural improvement worth the name. The Commission has also found that the yield of rice in Bengal is low in comparison with other provinces and countries. From the Commission's enquiry it also transpires that the average revenue per acre is surprisingly low in the major portion of the permanently-settled areas in this province. This average revenue per acre varies from 6 pies to 15 annas, 9 pies only, in 22 districts and rises up to 1 rupee, 14 annas, 7 pies only, in the remaining few districts. Cultivators of Bengal are also hopelessly indebted. Besides, they have no subsidiary occupation and agricultural price, too, has gone down to a lower level. Considering all these facts, the high rents of Bengal should be reduced to the paying capacity of the cultivators as proposed by the mover.

The most prominent features of this Bill are clauses 3 and 4 which seek to reduce high rents and provide for the maximum limits to rents payable by the *raiyats* and under-*raiyats* who are the actual cultivators. Clause 3 fixes the maximum limit of *raiyati* rent to Rs. 3 per acre of cultivated land in all the estates where the average revenue falls below Rs. 2 per acre. As the average revenue per acre in permanently-settled areas is less than Re. 1 in 22 districts, this rate would be the prevailing fair rate in most parts of the province. The Commission has found that in Bengal the average *raiyati* rent per acre of cultivated area in Government estates is Rs. 3-1-10 and the average rate of *raiyati* rent per acre in permanently-settled areas is Rs. 3 and in Madras the recognised Government rates of *raiyati* rents for unirrigated lands are only Re. 1 to Re. 1-4 per acre. Considering all these rates, the maximum rates as provided in this Bill can be taken as comparatively fair and tolerable rates in Bengal which is mostly an unirrigated province. Clause 5 has been provided to discourage too much sub-letting. The Bill does not recommend any reduction of rent in areas where the rates would be found lower than the rates proposed in this Bill inasmuch as the rents prevailing in those areas are presumed to be not excessive. As Government has got inherent power to reduce high rents in Government lands, all such lands have been excluded from the purview of this Bill. Government has also undertaken to bring a separate Bill for giving adequate relief to the non-agricultural tenants, hence non-agricultural lands too have been excluded from this Bill. The mover cannot but mention here that the discretionary power given to courts under sections 38 (*1b*) and 112 of the Bengal Tenancy Act is of no avail to the poor and illiterate cultivators in seeking real remedy against the influential landlords.

Finally, it may be added here that any loss of existing cesses in consequence of the proposed reduction of rent may be recouped if required by readjusting such cesses on acreage basis instead of rupee basis.

In view of the aforesaid reasons, the mover of this Bill intends to introduce this *ad interim* measure into the Legislature to give immediate relief to the rack-rented cultivators of this province as has been done in Behar.

Provided further that nothing in this Act applies to payments of "Mohar" to brides or other religious obligations enjoined in Hindu or Muhammadan laws.

"Marriage" means a marriage both according to Hindu and Moslem laws.

"Payment" means payments in kind or cash.

3. No person shall offer or accept or make a contract to offer or accept any payment as marriage dowry.

4. Whoever contravenes the provisions of section 3 shall on conviction be punishable with simple imprisonment which may extend to six months or with fines which may extend to five hundred rupees or with both :

Provided that no woman shall be sentenced to imprisonment.

5. If the bridegroom himself is guilty of the offence punishable under this law he shall be declared by the Court unfit for Government services or services in semi-Government public bodies or Government-aided institutions over and above the terms of punishment provided in section 4.

6. An offence under section 3 or section 4 of this Act shall be a cognizable offence to be tried by a First Class Magistrate.

An appeal shall lie to the Sessions Judge or the High Court as the case may be from all orders of conviction under this Act.

7. The Provincial Government may make rules for the purpose of carrying into effect the provisions of this Act.

STATEMENT OF OBJECTS AND REASONS.

The aims and objects of this Bill are well known to the public of Bengal and specially to the members of this House. It is sufficient to say that the present dowry system of Bengal ruined and have been still ruining many flourishing Hindu families. Recently, it has begun to attack the well-to-do families of the Moslem community and time is not far off when its infectious germs will enter into the bones of the poorer section and thus shall complete the annihilation of the poor Moslem community of Bengal. Hindu parents might have some justification in the past to provide their daughters with due shares of their earnings in the honest and *bonâ fide* belief that after their deaths their daughters would not inherit their properties and treatment of their sons towards their sisters might not be what common custom of humanity demands. But Muhammadan parents have no justification whatsoever to yield any concession to their sons-in-laws who are entitled to enjoy the properties of their wives who inherit the properties of their parents.

Islam has allowed highest respect and status for women—the mother sex, but the vicious attack of this dowry system has begun to lower that value; so it is religious obligations of the Moslem legislators to support this Bill and thus help to abolish this dowry system.

Amendment of section 32.

5. After clause (*f*) of sub-section (*2*) of section 32 of the said Act the following clauses shall be inserted, namely :—

"(*ff1*) for prescribing the procedure relating to the reference of medical questions to medical referees under sub-section (*1*) of section 24A ;

(*ff2*) for regulating the procedure relating to the medical examination of a workman by a medical referee and the submission of the report of such medical referee, under sub-section (*2*) of section 24A ;

(*ff3*) for prescribing and determining the fees and expenses payable in connection with references of medical questions to medical referees under section 24A ;".

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to amend the Bengal Workmen's Compensation Act, 1923 (VIII of 1923) in its application to Bengal to provide for the appointment of official medical referees to whom any medical questions in dispute between employers and workmen may be referred by the Commissioner for Workmen's Compensation for a report and whose report shall be binding on both parties.

2. This measure is intended to do away with the usual practice of calling in private medical practitioners by both employers and workmen to give verbal evidence on the points under dispute and the necessity of engaging medical assessors by the Commissioner for Workmen's Compensation.

3. Not only it is expected that this measure will considerably decrease the expenditure on both sides but also shorten considerably workmen's compensation proceedings.

DEPARTMENT OF AGRICULTURE, BENGAL.

Ramna, the 27th February 1941.

Second Forecast of the Spring Oilseed Crops of Bengal, 1940-41.

(*Note.*—On an average of the five years ending 1938-39, the area under linseed in Bengal has represented some 3·3 per cent. and that of rape and mustard 12·9 per cent. of the total area under these crops in India.)

Character of the season.—Excepting in some parts of the province, the weather conditions have been unfavourable throughout owing to drought which has adversely affected the growth of the crops.

Area sown.—Oilseeds are chiefly grown in the Dacca, Rajshahi and Presidency Divisions. In the other two divisions the cultivation is not extensive. The total area under these crops (excepting *sesamum* for which separate forecasts are issued) is returned at 951,100 acres this year as against 964,600 and 965,200 acres respectively in the corresponding and final forecasts of last year.

Outturn.—From the District Officers' estimates the average outturn of the different oilseed crops for the province works out at 67 per cent. of the normal as against 76 and 73 per cent. reported respectively in the corresponding and final forecasts of last year.

M. CARBERY,

Director of Agriculture, Bengal.

Provided that for the purpose of such computation no vote shall be reckoned as valid if it is found by the Judge that any corrupt practice was committed by any person known or unknown in giving or obtaining it.

(*2*) Every candidate at the election to which the dispute relates shall be deemed to be a party to such dispute.

VII of 1870.

Application.

9. The provisions of sections 18B to 18H (both inclusive) of the Bengal Local Self-Government Act of 1885 as substituted by section 3 of this Act shall apply to all proceedings relating to disputes in respect of any election of a member of a District Board or of a Local Board which are pending on the date of commencement of this Act, either in any Civil Court or before any authority appointed before such date to decide such disputes under the Bengal Local Self-Government Act of 1885 and no such proceedings shall be continued after the commencement of this Act. Ben. Act III of 1885.

STATEMENT OF OBJECTS AND REASONS.

It has been the policy of Government that election disputes shall not be subject to dilatory and expensive Civil Court proceedings. There is a special machinery set up under the Bengal Municipal Act, 1932, and the Calcutta Municipal Act, 1923, for deciding election disputes to the exclusion of the ordinary Civil Court which is effectively debarred from interference in the internal administration of the local bodies governed under these Acts. The jurisdiction of the Civil Court has also been ousted in the case of elections of members of union boards under the Bengal Village Self-Government Act, 1919.

Under section 138(*a*) of the Bengal Local Self-Government Act of 1885 the Provincial Government can frame rules determining the authority to decide disputes relating to elections held under the Act. But as the Act does not contain any specific provision for ousting the jurisdiction of the ordinary Civil Court in respect of election disputes, the interested parties are free to take such disputes to the Civil Court instead of to the prescribed authority. This has actually happened in the case of the last local board elections in the district of Burdwan where by virtue of rule 1A of the Election Rules under the Bengal Local Self-Government Act of 1885 the District Magistrate is the prescribed authority to decide electoral disputes. Suits have also been filed in the Civil Courts in respect of certain elections of members of the district boards of Dacca and Chittagong held under the Rules for Direct Election to District Boards. The life of the boards concerned would be unduly prolonged in all these districts in consequence of such resort to dilatory Civil Court proceedings. To guard against such undesirable consequences this Bill seeks to provide for a special machinery for the decision of disputes relating to elections held under the Bengal Local Self-Government Act of 1885 and at the same time oust the jurisdiction of Civil Courts in respect of such disputes as has been done under the other Acts relating to the administration of local self-government in the Province.

It is further proposed that the principles of the Bill, when enacted into law, should apply to elections which have already been held and in respect of which disputes are still pending in Civil Courts, so that the new boards to which elections have been made may come into existence and function without avoidable delay.

Rules for recruitment of stenographers in the Secretariat and in certain other Government offices.

1. An examination will be held in the month of January for the purpose of selecting candidates for appointment as stenographers. The examination will be conducted by the Public Service Commission, Bengal.

2. In the case of a person not in the permanent service of Government the qualifications for admission to the examination shall be as follows:—

(*i*) He must have passed at least the Matriculation Examination of an Indian University, the High Madrassa examination or the High School examination of the Board of Intermediate and Secondary Education, Dacca, the School Final (Science Side) or the Government Commercial Course Final examination, or have obtained the Indian Army Special Certificate of Education, or if a European or Anglo-Indian not so qualified have obtained at least the Elementary School Certificate and taken the Supplementary Commercial Course prescribed by the European Schools Code; and

(*ii*) His age must be less than 25 years on the 1st July of the year in which the examination is held.

Evidence that the candidate possesses the above qualifications must accompany the application. As evidence of age, the candidate must produce his Matriculation Certificate, or failing this, equally satisfactory documentary proof. All certificates must be sent in original.

N. B.—The candidate must pay into the treasury a sum of Rs. 10 by way of examination fee and must forward the treasury receipt with his application. Under no circumstances will this sum be refunded.

3. With the permission of the Head of his office a person already in the permanent service of Government will be allowed to sit for the examination.

N. B.—Candidates already in Government employ are also required to pay the prescribed fee of Rs. 10.

4. The examination will consist of three papers:—

(*i*) Essay writing—100 marks.

(*ii*) Typing—100 marks.

(*iii*) Dictation and transcription—400 marks.

Credit will be given for neatness, accuracy and speed. To qualify, candidates must secure an aggregate mark of 50 per cent. of the possible total in the three papers with a minimum of 40 per cent. in each paper. In addition they must attain a speed of at least 120 words to the minute and must be able to transcribe accurately on the typewriter at not less than 30 words to the minute.

The third paper will consist of a dictation lasting for seven minutes followed by a transcription of notes for an hour. The dictation will be divided into three periods—the first for three minutes at the minimum speed of 100 words to the minute, the second for two minutes at a speed of 120 words to the minute and the third for two minutes at a speed of 140 words to the minute.

5. On the 1st of November each year the Heads of Offices to which these rules apply will send to the Public Service Commission a memorandum showing the number of permanent vacancies which are expected in the posts of stenographer in their offices during the period between the 1st of January to the 31st December of the following year. This memorandum should show how the vacancies are to be reserved for different communities in accordance with the provisions of the Bengal Services Recruitment (Communal Ratio) Rules, 1940.

6. When a permanent vacancy, not foreseen at the time of the submission of the memorandum referred to in rule 5, occurs after submission of the memorandum but before the 31st December of the following year, the Head of the Office should report such vacancy to the Public Service Commission forthwith, stating the community for which it is reserved, and the Public Service Commission will allot a candidate from those persons who qualified at the examination last held.

7. Subject to the provisions of the Bengal Services Recruitment (Communal Ratio) Rules, 1940, vacancies in the permanent posts of stenographers shall be filled by the appointment in order of merit of candidates who have qualified at the recruitment examination, provided that every alternate vacancy shall be given to a permanent typist, if any, who has appeared and qualified in the examination. The appointment of such typists will be governed by the provisions of the Bengal Services Recruitment (Communal Ratio) Rules, 1940.

8. Subject to the provision of the Bengal Services Recruitment (Communal Ratio) Rules, 1940, temporary vacancies and vacancies in temporary posts shall be filled by the appointment of candidates who have qualified at the recruitment examination but are not sufficiently high in order of merit to obtain permanent posts. It must be distinctly understood that such temporary employment gives no claim to permanent employment.

9. As soon as the results of the examination are available, the Public Service Commission will allot candidates to offices for appointment to the various vacancies on the basis of their requirements as reported in the memoranda referred to in rule 5 or as subsequently modified under rule 6.

10. No candidate will be offered an appointment unless he produces an unconditional medical certificate of fitness for service under Government from the Presidency Surgeon, who is entrusted with the duty of examining candidates. The Public Service Commission, Bengal, may at their discretion allow a candidate time, which will in no case exceed three months, to have a temporary defect removed. Appointments to vacancies will not be delayed on this account, and a candidate to whom this concession is granted can only be appointed to a vacancy which exists after he produces an unconditional medical certificate.

Newly appointed stenographers will be on probation for two years. No probationer in the Secretariat will be confirmed unless he qualifies at the annual proficiency test referred to in rule 11 and anyone failing to qualify within two years of appointment on probation will be liable to be discharged.

11. In order to determine whether they have maintained the required standard of efficiency all stenographers having a lien on a permanent appointment will be required to sit annually at the Stenographers' Recruitment Examination to be held in the month of January by the Public Service Commission, Bengal. They will be examined in the third paper only (Dictation and Transcription), as shown in rule 4 of these rules, and must secure a minimum of 40 per cent. in order to pass the proficiency test.

Permanent stenographers who fail in this test will have their increments stopped until they requalify.

No fee will be payable by a stenographer who sits at the Stenographers' Recruitment Examination under the provisions of this rule.

12. The pay of the posts of stenographers in the Secretariat will be on the scale of Rs. 80—10/2—120—15/2—240 with an efficiency bar after the 6th stage. Only those persons who have proved at the annual proficiency examination of the preceding years that they have consistently maintained a standard of efficiency at a minimum rate of 120 words to the minute will be allowed to cross the efficiency bar.

2. (*1*) The Deputy Commissioner shall issue an order in writing fixing the date—

If the landlord fails to refute the claim within such time as may be specified in this behalf by the Registering Authority, the name of the person claiming the vote shall be registered.

Nomination and registration of candidates.

20. (*1*) Not less than 45 days before the election day the Commissioners shall fix for the nomination of candidates a date which shall not be less than 35 days before the election day. (*3*) Not less than 32 days before the election day the Chairman shall publish a notice in form C annexed to these rules at the municipal office, fixing the time at and the date on which the nomination papers will be scrutinised by him, such date being not less than 26 days before the date fixed for the election.

(*4*) At the time and on the date so fixed, the Chairman shall, at the office of the municipality, scrutinise all nomination papers in the presence of the candidates or their agents if they appear, and shall register as candidates all those whose nomination papers are found to be valid.

(*5*) Not less than 25 days before the election day the Chairman shall publish at the municipal office a list of the candidates registered under sub-rule (*4*). These candidates shall be deemed to be registered as such from the date of publication of the list.

21. Any candidate may withdraw his candidature by a notice in writing which must be subscribed by him and be sent to the Chairman within three days of the date of his registration as a candidate under rule 20 (5) or rule 23 (2), as the case may be. A candidate who has withdrawn his candidature shall not be allowed to cancel the withdrawal or to be renominated as a candidate for the same election.

22. As soon as possible after receipt of a notice of withdrawal under rule 21 the Chairman shall cause written intimation thereof to be published in some conspicuous place in the municipal office, and, if the municipality has been divided into wards, also in the ward to which the matter relates.

23. (1) If any person who has filed a nomination paper under rule 20 (1) finds that his name is not included in the list of candidates published by the Chairman under rule 20 (5) or disputes the right of any other candidate to be on such list, he may appeal to the Deputy Commissioner in writing within three days of the date of publication of such list. The Deputy Commissioner shall make such order as to the insertion or omission of the name as appears to him to be just, and shall forward a copy of his order to the Chairman so as to reach him not less than 15 days before the date of the election, and the Chairman shall, on receipt of the order amend the list, note upon it the date of such amendment and forthwith publish at the municipal office and, if necessary, in the respective ward or wards the amendments made in the list.

(2) A person whose name has thus been newly inserted in the list shall be deemed to be registered as a candidate from the date of such insertion.

(3) The order of the Deputy Commissioner shall be final.

24. Not less than ten days before the date fixed for the election the Chairman shall publish at the municipal office a revised list of candidates containing all the alterations and amendments made in such original list whether by the order of the Deputy Commissioner under rule 23 or in consequence of the withdrawals of candidates under rule 21. The revised list thus published shall be the final list of candidates for the election.

Conduct of election.

25. (1) In any ward all registered candidates shall be declared to be duly elected if their number is not more than the number of vacancies.

(2) In such cases, the declaration shall be made by the Chairman in writing, against the name of the candidate concerned, in the final list of candidates published under rule 24.

(3) If the number of registered candidates is greater than the number of vacancies, a poll shall be held.

26. (1) Before the date of publication of the final list of candidates under rule 24, the Commissioners at a meeting shall fix the place or places (hereinafter referred to as polling centres) at which the poll shall be held on the election day and the hours between which voters shall be admitted into the polling enclosures:

Provided that if they fail to do so, the Chairman shall fix such hours and such polling centres.

(2) The poll shall be held at the time and at the polling centres so fixed:

Provided that where it is considered necessary, separate polling centres may be fixed for the recording of votes by female voters.

(3) Notice of such time and such polling centres shall be given by beat of drum and by the publication of notices at the municipal office at the same time as the publication of the final list of candidates under rule 24.

27. After the hours mentioned in the notice referred to in rule 26, no person shall be admitted within the polling enclosure, but the votes of all duly registered voters who are already within the enclosures shall be recorded.

28. Each voter shall be entitled to vote for the ward in respect of which his name has been registered, and for no other, and to give as many votes as there are vacancies for each ward for which he is thus entitled to vote:

Provided that he shall not give more than one vote on the same voting paper to any one candidate.

29. (1) There shall be in each ward at least one polling centre.

(2) Where there are more than one polling centre in a ward the Commissioners shall cause a notice to be published showing the names and serial numbers as given in the Final Electoral Roll of persons whose votes will be recorded at any specified polling centre in the ward.

(3) The Chairman may, if he thinks necessary, provide more than one polling booth in a polling centre and shall cause a notice to be published at the gate of each polling booth showing the serial numbers, as given in the Final Electoral Roll, of persons whose votes will be recorded at the booth.

(4) The Commissioners at a meeting shall appoint a polling officer who is neither himself a candidate for election nor the agent of a candidate to preside over the election at each polling centre, and where there are several polling centres in one ward shall declare one of the polling officers to be the chief polling officer.

(5) If a polling officer for any reason fail to attend, the Chairman shall appoint another fit and proper person, who is not himself a candidate or the agent of a candidate, to take his place.

(6) To assist the polling officer, there shall be appointed by the Commissioners at a meeting an Election Committee consisting of not more than five ratepayers of the ward who are not themselves candidates or agents of candidates. No election shall be void because any or all of the members of the Committee fail to attend: if less than three members attend, the polling officer may appoint other ratepayers not being themselves candidates or agents of a candidate up to the number of three and the persons thus appointed shall then be deemed to be members of the Election Committee.

30. (1) On the morning of the election day the Chairman shall supply the polling officer with the following:—

(a) a ballot box provided with an aperture for receipt of voting papers;

(b) an instrument for stamping the official mark on such papers;

(*c*) a copy of the Final Electoral Roll, with the particulars prescribed in rule 29 (*2*);

(*d*) a bound book or books containing as many voting papers serially numbered in foil and counterfoil as there are voters entered in the Final Electoral Roll for that polling centre, and other persons entitled under rule 37 (*1*) to vote at that polling centre.

(*2*) The Chairman shall cause to be provided at each polling centre sufficient writing materials with which voters may mark the voting papers.

(*3*) The official mark shall be kept secret until the commencement of the polling.

31. The voting paper shall be printed in English, Bengali and Hindi in Form D annexed to these rules. The names of candidates in English shall be in alphabetical order. When the voting paper is printed in both the languages the name shall be printed in Bengali below that in English in each case.

32. With the object of safeguarding the secrecy of the ballot and of preventing undue crowding, the Chairman shall divide each polling booth into two rooms or compartments, hereinafter called the inner and outer compartments. Votes shall be recorded in the inner compartment.

33. (*1*) On the election day the polling officer shall admit to the outer compartment of the polling booth the candidate and such agents as may be selected by the candidates to assist in the identification of voters, provided that there shall be present at one time, in addition to the candidates, not more than one agent of each candidate.

(*2*) Only voters, members of the Election Committee and such other persons (if any) as the polling officer may by special directions admit shall be allowed to enter the inner compartment of the polling booth.

(*3*) No candidate or agent of a candidate shall be admitted into the inner compartment except for recording his own vote.

(*4*) The polling officer shall regulate the number of voters to be admitted at any one time into either the inner or the outer compartment.

34. Immediately before the commencement of the poll the polling officer shall satisfy such persons as may be present in the outer compartment that each ballot box is empty and shall then lock it and place upon it his seal in such manner as to prevent its being opened without breaking such seal.

35. The candidates and their agents shall not speak to or address any intending voter in the polling booth, but may submit to the polling officer objections to a voter on any of the following four grounds:—

(*1*) That his name is not on the Final Electoral Roll of the ward in respect of which the election is being held.

(*2*) That his claim to be a certain voter shown on the Final Electoral Roll is false.

(*3*) That he has already voted.

(*4*) Where there is more than one polling centre in a ward, that under rule 28 he is not entitled to record his vote at the polling centre in respect of which the objection is raised.

36. The procedure for recording a vote shall be as follows:—

(*i*) There shall be no voting by proxy.

(*ii*) As each intending voter enters the outer compartment, his name and his number in the Final Electoral Roll shall be called out, so that everybody present can hear them.

(*iii*) No objection to an intending voter shall be entertained except on the grounds mentioned in rule 35.

(*iv*) Every objection shall be summarily decided by the polling officer, who may for this purpose take such evidence as may be available on the spot.

(*v*) If after taking such evidence the polling officer disallows the objection or if no objection is raised, he shall hand the voter the foil of a voting paper for the ward and shall allow him to proceed to vote.

(*vi*) Immediately before a voting paper is delivered to a voter, it shall be marked on the back with the official mark and an indication shall be placed in a copy of the Electoral Roll against the number of the voter to denote that he has received a voting paper, but no note shall be made of the particular voting paper which he has received.

(*vii*) The number of the voter in the Final Electoral Roll shall be marked on the counterfoil of his voting paper.

(*viii*) A voter who has received a voting paper shall forthwith be directed, by the polling officer or a person (not being a candidate or his agent) deputed by the polling officer for this purpose, to a place set apart therefor in the inner compartment and shall there mark a cross, within the space headed "voter's mark" on the voting paper, against the name of any candidate for whom he intends to vote. He shall then conceal his vote by folding the voting paper and shall put the paper so folded into the ballot box. He shall vote without undue delay and shall quit the polling enclosure as soon as he has put the voting paper into the ballot box.

(*ix*) If the voter is unable to read the voting paper or to make a cross thereon, the polling officer shall mark the vote on the voting paper according to the direction of the voter at the place set apart within the inner compartment under clause (*viii*) of this rule, provided that if the voter so requests he shall do so in the outer compartment. The voter shall then put the voting paper folded as prescribed in clause (*viii*) into the ballot box.

37. (*1*) A polling officer or a member of an Election Committee at a polling centre where he is not entitled to vote shall be allowed to record his vote there on his producing a certificate on a ballot paper from the polling officer of another polling centre that he is entitled to vote at such other centre.

(*2*) Such vote shall be recorded in the manner prescribed in rule 36 except that the voting paper after being filled in and folded as therein prescribed shall be placed, with the certificate, in a sealed envelope by the polling officer and sent to the polling officer of the other polling centre who shall remove it from the envelope and put it in the appropriate ballot box.

38. It shall be the duty of the polling officer and the Election Committee to see that votes are recorded with the utmost secrecy, that the number on the voting paper handed over to a voter is not divulged to any other person, that no persons are admitted to either compartment except under these rules and that persons who have recorded their votes or against whom objections have been allowed are caused to leave immediately. It shall also be their duty to see that these rules and any special directions given by the polling officer thereunder are strictly observed.

39. (*1*) On the conclusion of the poll, the polling officer shall, with the assistance of the Election Committee, in the presence of the candidates or their agents, if any—

(*a*) satisfy himself that the seals affixed to the ballot boxes under rule 34 are intact, and either

(*b*) forthwith, when there is only one polling centre in the ward, open the ballot box and scrutinise the votes in accordance with rule 40, or

(*c*) when there are several polling centres in the ward send to the chief polling officer the ballot boxes and the books of counterfoils and unused foils of voting papers and the marked copy of the Electoral Roll properly sealed with his own seal and the seal of such candidates or agents as may desire to affix their seal.

(*2*) The chief polling officer shall thereupon with the assistance of the Election Committee, in the presence of the candidates or their agents, if any, satisfy himself that the seals are intact, open the ballot boxes and scrutinise the votes in accordance with rule 40.

40. Any voting paper not marked, marked otherwise than with a cross, or marked elsewhere than in the space provided for the purpose, or on which more crosses are marked than there are vacancies, or on which a cross is so placed as to make it doubtful to which candidate the vote has been given, or on which any mark is made by which the voter may be identified shall be invalid. A note to this effect shall be made upon it by the polling officer and it shall not be included in the count.

41. When the voting papers have been scrutinised the polling officer or the chief polling officer shall with the assistance of the Election Committee, in the presence of the candidates or their agents, if any, count the valid votes and declare to be elected in any ward the candidate or candidates to whom the highest number of votes has been given. If there be an equality of votes and if the number of vacancies does not admit of all the candidates who have obtained an equality of votes being elected, he shall by drawing lots in such manner as he may determine select one of such candidates whom he shall declare to be elected.

42. The polling officer or the chief polling officer shall forthwith, if not himself the Chairman, report in writing the result of the election to the Chairman.

43. When a candidate has been elected for more than one ward—

(*a*) he shall be declared by the Chairman to have been elected for such ward, if any, out of those wards in which the election has been uncontested,

(*b*) otherwise, within five days from the date of the election, he shall declare which of such wards he will represent, and if he fails to make such declaration, the Chairman shall forthwith declare the ward which such candidate shall represent.

In either case such candidate shall be held to be elected in the ward in respect of which a valid declaration has been made under this rule, and in every other ward for which the said candidate has been elected the result of the election shall be determined as if no votes had been recorded for him:

Provided that, if there is no other candidate for whom votes have been recorded to fill the vacancy thus caused, a fresh election shall be held.

44. A second election, under section 26 of the Act, shall begin at the stage from which the original election failed, *e.g.*, if the election failed at the time of polling a fresh poll only shall be held or if the election failed for want of candidates, fresh nominations shall be called for.

45. When the voting papers have been scrutinised and counted the polling officer or the chief polling officer, as the case may be, shall forthwith replace them in the ballot box from which they were taken and seal it in the manner prescribed by rule 34 and rule 39(*1*)(*c*). He shall also seal up the books of counterfoils and unused foils of voting papers and also the copy of the marked Electoral Roll, with his own seal and the seal of such candidates or their agents as may desire to affix them. If he is not himself the Chairman, he shall make them over with the ballot box to the Chairman to be kept in safe custody until the books and the voting papers are destroyed under rule 46.

46. On the expiry of 30 days from the date of declaration of the result of the election, or, if an election petition has been filed under section 36 of the Act, as soon as possible after the disposal of the petition, the voting papers in the ballot boxes and the sealed books containing unused voting papers and counterfoils shall be destroyed in the presence of such municipal commissioner or officer as the Commissioners at a meeting may appoint for this purpose.

47. The names of duly elected Commissioners for the whole municipality shall be forwarded by the Chairman through the Deputy Commissioner and the Commissioner of the Division to the Provincial Government for publication. These names shall be published in the *Calcutta Gazette* together with the names or official designation of the Commissioners appointed by the Provincial Government.

48. In a municipality where the Deputy Commissioner is the Chairman, the duties assigned to the Chairman in these rules shall be discharged by the Vice-Chairman.

49. If, in any case, such a course appears to the Provincial Government to be necessary, it may direct that the Deputy Commissioner shall perform all or any of the duties assigned by these rules to the Chairman or the Commissioners at a meeting.

50. No person having directly or indirectly by himself or his partner any share or interest in any contract or employment with, by or on behalf of the Commissioners, or holding any office of profit under the Commissioners, shall, directly or indirectly, engage in canvassing for votes or otherwise assist in the election of any candidate otherwise than by giving his own vote.

51. All costs incurred in the preparation, printing and publication of the Electoral Rolls, the publication of notices, the holding of elections, or the taking of any other necessary action under these rules, shall be payable by the Commissioners out of the municipal fund.

THE BENGAL LOCAL SELF-GOVERNMENT (AMENDMENT) BILL, 1940.

A

BILL

further to amend the Bengal Local Self-Government Act of 1885.

WHEREAS it is expedient to further amend the law relating to Local Self-Government.

It is hereby enacted as follows :—

1. This Act may be called the Local Self-Government (Amendment) Act of 1940.

2. It shall come into force on the day of publication in the *Calcutta Gazette*.

3. In section 36A of the said Act—

(*a*) the words "with the consent of the district board" shall be omitted, and

(*b*) to the said section, the following provisos shall be added, namely :—

"Provided that where union boards have been constituted under the Bengal Village Self-Government Act, 1919, throughout the area under the authority of a district board all the local boards in the district shall be abolished by the Provincial Government with effect from a date not later than the 31st March 1941:

Provided also that the Provincial Government shall abolish all local boards in a district if the district board makes a recommendation for such abolition."

STATEMENT OF OBJECTS AND REASONS.

The local boards are already abolished in several districts in the province and they are stil l functioning in others. But the local board has lost its utility when union boards are working in all the districts. The experience already gained proves that the local boards are no longer required. The work which is being done by the local boards can be done more efficiently and economically by the union boards. The aim of the Bill is to give power to the Government to abolish the local board without waiting for the consent of the district board.

STATEMENT OF OBJECTS AND REASONS.

This is a simple amendment and this is necessary to give facilities to public servants to institute criminal proceedings for public good in their official capacities. Such amendment has already been effected in other provinces such as Punjab, etc.

STATEMENT OF OBJECTS AND REASONS.

Milk constitutes a very important food to the people of Bengal more particularly the children. Milk is consumed by the people of this province in a variety of ways. The nutritive quality of milk for building up the body of the people is well known. The supply of milk is steadily decreasing and the quality of milk that is supplied is also decreasing. The most important cause of this alarming state of things is the insufficiency of pasture lands in Bengal. The object of this Act is to provide more grazing ground to the cattle so that large number of cattle may be maintained in proper health in this province.

THE CALCUTTA IMPROVEMENT (AMENDMENT) BILL, 1941.

A
BILL

to amend the Calcutta Improvement Act, 1911 (Bengal Act No. V of 1911).

WHEREAS it is expedient further to amend the Calcutta Improvement Act in the manner hereinafter appearing—

It is hereby enacted as follows :—

1. (*1*) This Act may be called the Calcutta Improvement (Amendment) Act, 1941.

(*2*) It shall come into force on such day as the Local Government may, by notification in the local Gazette, direct.

2. In sub-section 3 of section 72 of the Calcutta Improvement Act after the words "one of the Assessors" in the second line, the words "to be an experienced engineer" are to be added, and after the words "and the other Assessor" in the third line, the words "not a Sitting Councillor" are to be added.

STATEMENT OF OBJECTS AND REASONS.

The purpose of this amending Bill is very simple, but has become a necessity in view of the prevailing circumstances.

In acquisition matters coming up before the Tribunal in the awarding of compensation, technical and scientific qualifications on the part of one of the Assessors are bound to be of great assistance to the President in determining the quality of land, strength of materials, life of structures, etc. Thus it is quite necessary that the Assessor to be nominated by the Local Government should be a qualified and experienced engineer.

Again, it has been quite an unedifying spectacle and extremely demoralising both to candidates as well as to Councillors when sitting Councillors choose to stand as candidates for the post of the Assessor appointed by the Corporation. As a matter of fact as there is no bar, yet one of the Sitting Councillors has been known to have applied for the job consecutively on the last three occasions. This time as many as half-a-dozen of the Sitting Councillors stood as candidates. Thus, it has become necessary in the best interests of all concerned to stop Sitting Councillors applying if the true implication of the provision is to be given effect to.

PART VI

Bills introduced in the Council of State and Legislative Assembly; Reports of Select Committees presented to the Council and Assembly; and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 13th February, 1941:—

L. A. Bill No. 5 of 1941.

A Bill to remove legal disabilities under Hindu Law in respect of marriage between Hindus.

Whereas it is expedient to remove certain existing disabilities under the Hindu Law in respect of marriage between Hindus; It is hereby enacted as follows:—

Short title and extent.

1. (*1*) This Act may be called the Hindu Marriage Disabilities Removal Act, 194 .

(*2*) It extends to the whole of British India.

Marriage between persons of same *gotra* or *pravar* or between persons of subdivisions of the same caste.

2. Notwithstanding any custom, rule or interpretation of the Hindu Law, a marriage, which is otherwise valid, shall not be invalid because—

(*a*) it is between Hindus belonging to the same *gotra* or *pravar*; or

(*b*) it is between Hindus belonging to the different subdivisions of the same caste.

STATEMENT OF OBJECTS AND REASONS.

Under the Hindu Law, a man cannot marry a girl of the same *gotra* or *pravar*. This rule is not necessary from the point of eugenics. It does not prevail among the Sudras; and is modified by custom among certain sections of the Brahmans and Kshatriyas. This rule of marriage has often been a barrier which is tried to be surmounted by some persons by following the procedure of getting the girl adopted by a stranger of a different *gotra*. There can however be no legal adoption of a girl under the Hindu Law. Public opinion in favour of the modification of this archaic rule has necessitated legislation in the Baroda and Indore States. As regards marriages between several subdivisions of a caste, there does not appear any legal prohibition under the law; but the general belief prevails that such marriages, which are rare, are not lawful. The only solution of such difficulties as are mentioned above would be a civil marriage. But there are many who have conscientious objections to a civil marriage.

This Bill will help the conscientious objectors to a civil marriage to get over the archaic rule prohibiting marriages between persons of the same *gotra* or *pravar* or between persons belonging to the different sub-castes of the same caste.

GOVIND V. DESHMUKH.

The 6th January, 1941.

MD. RAFI,

Secy. to the Govt. of India.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 13th February, 1941:—

L. A. BILL No. 6 OF 1941.

A Bill further to amend the Code of Civil Procedure, 1908, for certain purposes.

WHEREAS it is expedient further to amend the Code of Civil Procedure, 1908, for the purposes hereinafter appearing; It is hereby enacted as follows:— V of 1908.

Short title.

1. This Act may be called the Code of Civil Procedure (Amendment) Act, 1939.

Amendment of section 100, Act V of 1908.

2. To sub-section (*1*) of section 100 of the Code of Civil Procedure, 1908, the following shall be added at the end, namely:— V of 1908.

"(*d*) the original decree of the trial Court having in appeal been varied, cancelled or reversed:

Provided that a High Court while hearing a second appeal on any of the grounds (*a*), (*b*) or (*c*) above may in its discretion determine the correctness or otherwise of the decision on points of facts also, if it thinks that the decision of the Court below is erroneous or unjust."

STATEMENT OF OBJECTS AND REASONS.

Section 100 of the Code of Civil Procedure deals with the grounds of second appeal in civil suits. The grounds given there are as follows:—

(*a*) the decision being contrary to law or to some usage having the force of law;

(*b*) the decision having failed to determine some material issue of law or usage having the force of law;

(*c*) a substantial error or defect in the procedure provided by this Code or any other law for the time being in force which may possibly have produced error or defect in the decision of the case upon merits.

This section corresponds with section 584 of the Code of 1882 and section 372 of the Code of 1859 with only a little variation. The first two grounds deal with a mistake of law and the third ground with a mistake of legal procedure, and apparently mistake of fact does not come in the scheme of this section at all, unless we can bring it in the words "error or defect in the decision of the case upon merits" resulting from the adoption of illegal "procedure". It is rightly suggested that this provision of imposing limitations on the grounds that may be taken in second appeal is based on grounds of public policy expressed in the maxim *interest rei publicae ut sit finish litium*.—it concerned the state that there be an end to litigation. But on a perusal of the earlier legislation of the East India Company, it would appear that another —and probably the main reason for original limitation was the curtailment of work before the appellate court. In the early days of the British rule there used to be no District Courts of appeal and only one appeal lay to the Sadar Dewany Adawlat— which at the time consisted of the Governor General and members of the Supreme Council, who naturally could not be expected to devote much time to work of this kind. The Sadar Dewany Adawlat held its sittings at Calcutta and the distance of the Muffasil courts from Calcutta was one of the safeguards against the increase of work, the other safeguard adopted was that appeal was allowed only in respect of properties of large valuation.

The first attempt for providing facilities for appeal was made in 1793, when Provincial Courts of appeal were established by Regulation V of 1793. Article No. 1 of this Regulation which can be termed to be the preamble according to our modern notions says—"Parties in suits instituted in the late courts of Muffasil Dewany Adawlat

who considered themselves aggrieved by the decisions of those courts, had no tribunal to which they could apply themselves but the Suddar Dewany Adawlat, or Court of appeal at Calcutta", and then the preamble records that for the facility of the litigant public Provincial Courts of appeal have been established. The powers of hearing appeals were given to Circuit Judges, and the idea of not unduly increasing the work before the Suddar Dewany Adawlat led to the adoption of the rule that second appeals could only be on points of law. Though later on gradually and with certain variations the Governor General in Calcutta and the Governors in Madras and Bombay with their councils ceased to constitute the Suddar Dewany Adawlat which came to be presided over by permanent Judges and was later on replaced by the High Courts, but the same old rule about second appeals continues on the Statute Book with certain variations.

On whatever principle we may justify this rule it is intended to be a restriction on the rights of the litigant public, but in actual practice it is a restriction on the right of the High Court also. After creating a High Court of Judicature for administering justice in the province, how can Government be justified in restricting its power in its administration of justice? But it is an undeniable truth that the High Courts have been compelled to restrict their activities due to this provision of law. In their eagerness to do justice to the litigants the various High Courts have very much reduced the rigour of the provisions of this section of the Code of Civil Procedure by giving liberal interpretation to clause (*c*), which, as pointed out above, can be made to cover points of facts as well, yet the struggle has been a serious and continuous one and the British Indian Courts of justice had to yield to the rigour of the section by holding:—

> "The law obviously aims at finality of decisions upon questions of fact in cases which do not come up to the High Court in First Appeal, and I should say that when the Court of first appeal, after having entered into the merits of the case, has considered the evidence and adjudicated upon the merits in the manner required by section 574 (now order 41, rule 30) the mere circumstance that the conclusions at which the Court has arrived are erroneous, or opposed to weight of evidence, will not justify interference in second appeal, even though such conclusions proceed upon an improper conception of the exact effect and bearing of the case upon merits." (Mr. Justice Mahmud in 7 All. 649 on page 659.)

These remarks are very significant and show the restriction on the powers of the High Courts of Justice in India. They were made in connection with a reference which was made to a full Bench by Pethram, C. J. and Brodhurst, J. of the Allahabad High Court. They wanted to know whether the question raised in the two cases before them in the following grounds of appeal could be made the subject of second appeal:—

> "(1) Because the lower court has erred in deciding the case on conjectural grounds and ignoring the whole evidence;
>
> (2) because the lower court has erred in reducing the amount covered by the registered bond on 8th of December 1877;
>
> (3) because the lower court has assigned no reasons for disallowing the item of Rs. 72-15-0, and
>
> Because the lower appellate Court has erred in law in awarding the sum of Rs. 168 compound interest including other sums not lawfully due by the vendor to the respondent vendee of the decree in suit."

Evidently these grounds appear to relate to errors in the determination of facts, and Peterham, C. J. who was also a member of the full Bench, was of this very opinion. He observed:—

"The question raised by this reference is whether this court is at liberty, in second appeals, to look into the evidence in the cause for the purpose of ascertaining whether the lower courts have found facts correctly". Then he said, "I am of opinion that the question must be answered in the negative. I am aware that this opinion differs from many rulings of the High Courts in India, and from that of my brother Judges, but as I think that the words of the statute are clear, and that if *they are liable to create injustice the remedy should be applied by the Legislatures.* I feel it to be my duty to disagree with the many authorities, which I have mentioned. Section 585 of C. P. C. provides that no second appeal shall lie except on the grounds mentioned in section 584, so that the question resolves itself into one of the constructions of that section, and of that section alone. There are only three grounds of appeal mentioned in it and it will be as well to examine them in detail." Then His Lordship

examined these grounds of appeal seriatim, and disposed of the first two grounds as as they did not apply to the case. Then he took up the third ground which in the old Code ran:—

> "A substantial error or defect in the procedure as prescribed by the Code or any other law, which may possibly have produced error or defect in the decision of the case upon the merits."

Regarding this clause the Chief Justice observed:—

> "Procedure is a perfectly well known word among lawyers, and means the practice followed by the courts in the trial of cases which come before them; but until it became necessary for the purpose of extending second appeals under the code to question of facts, *I am not aware that the mental process by which a judge and jury came to a conclusion on a question of fact was ever called a matter of procedure*, and in my opinion it is impossible to fix that meaning to the word." Then with regard to the case before him he observed, "This being my view of the moving of grounds of appeal provided by section 584, it of course follows that no question of fact is included in either of them, and it would seem that the intention of the legislature was that in small cases the finding of the lower courts on questions of facts should be absolutely final——."

The other Judges of the Bench, however, gave a more extended interpretation to clause (*c*) read with section 574, which enacted that the judgment of a first appellate Court shall contain "the reasons for the decision". They said:—

> "We think that where a lower appellate court has drawn strained or unreasonable conclusions from evidence, or has discredited or disbelieved witness or documentary proof upon capricious or unsustainable grounds, or had perversely interpreted or shut its eyes to proved facts, or has stated no intelligent reasons for arriving at its findings of facts, this court may take notice of all such matters in second appeal."

Ultimately the Bench justified its opinion by saying:—

> "If this court had not the power in second appeal we hold it has, to remand a case to a lower appellate court for the preparation of a legal judgment properly determining the question or questions of fact, we know by experience that *great injustice might often be done*, and it would come to this—, that we should be bound by the mere *ipse dixit* of a lower appellate court in respect of the issue of fact, no matter how preposterous its findings might be. We cannot believe it was even intended by the Legislature that in such a case there should be an absolute defect of jurisdiction in this court to examine such findings in second appeal. Our answer to the reference therefore is that the question raised in S. A. 169 of 1884 by the pleas in appeal were questions that might be made the subject of second appeal."

It was in this way that they reconciled their sense of justice with the words of the section, and that continues to be the generally accepted legal view till to-day. In an earlier case reported in 9 Cal. p. 309 the sense of equity of Mr. Justice Wilson appears to have revolted against such restriction on the powers of the High Court in second appeal, and without referring to the provisions of section 584, he observed:—

> "It is not the ordinary course of procedure for this court to interfere in second appeal with any findings of fact which have been arrived by the lower appellate court; but we are well within the scope of authorities in holding that where the lower appellate court has clearly misapprehended what evidence before it was, and thus has been led to discard or give sufficient weight to important evidence, and to give weight to other evidence to which it was not entitled, and has thus been led not into any mere incidental mistake, but totally to misconceive the case the court may interfere."

Thus a way has been found out to mete out justice to litigants in spite of the rather strict language of this section. But it has opened a door to continuous struggle. It has led to fine distinctions between questions of facts and questions of law, and some classes of questions had perforce to be neglected to the region of 'questions of mixed law and fact'. The question of construction of documents has led to another difficulty —construction of documents of title has been held to be a question of law, but construction of documents which support the title is to be considered a question of fact, Questions relating to custom have given High Courts no less trouble. A finding that a certain practice or custom does or does not prevail is regarded a finding of fact,

while the question whether a prevailing practice has the attributes of a legally binding custom is held to be a question of law. In 1931 All. p. 449 their Lordships Banerji, Young and King, JJ. of Allahabad High Court set aside the finding of the lower appellate court to the effect:—

> "that it is not proved that the practice of Zare-Chaharem ever prevailed in Kuch Champa Shaeed." They observe—"We think this must be held to be a finding of fact binding upon this court in S. A. unless it can be shown that the finding is vitiated by some error of law." On a close examination of the documentary evidence on the record they remarked—"The learned judge was therefore clearly under a misapprehension when he said that the Kabulyat do not refer to the custom. We think the misreading or ignoring of important documentary evidence amounts to a substantial error or defect in the procedure within the meaning of section 100 (*1*) (*c*) C. P. C. and justifies the Court in reversing the finding if we hold such reversal justified on the merits". In the end they held —"Upon consideration of the whole of evidence we think the plaintiff has proved the prevalence of the practice in the locality in question" and thus set aside the finding of the Court below which at first sight appeared to be only a finding of fact.

Similarly it has been held that—

> "Proper effect of proved facts is a question of law"—and "The meaning of words is a question of fact and their effect is question of law."

Just as I have said above the rigour of section 100 has been much smoothened by a literal interpretation by the High Courts in India. But that is not all. It is also the duty of the Legislature to be prepared to review its Acts in the light of experience and it is time that we may try to appreciate the difficulties and remove the handicaps from which the highest Courts of Justice in India are suffering. The restriction which forces a High Court not to interfere in case, even when it feels 'that the conclusions at which the court has arrived are erroneous or opposed to weight of evidence .....even though such conclusions proceed upon improper conception of the exact effect and bearing of the case upon merits'—does not become the highest Court of justice of a country.

It is to meet this need that the present amendment is being moved. Its object is twofold. It gives the High Court full liberty in cases where the lower appellate court has modified or reversed the decree of the trial court. In such a case the High Court must be allowed to judge the validity of the judgment for itself on merits. In cases where the two judgments are concurrent, and the High Court on hearing the case finds that there has been a serious error on facts also, it must be given discretion to interfere when it thinks fit, and we can safely rely upon the proper exercise of discretion by the highest Courts of Justice in India.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 13th February, 1941:—

L. A. BILL No. 7 OF 1941.

A Bill further to amend the Code of Criminal Procedure, 1898, for a certain purpose.

WHEREAS it is expedient further to amend the Code of Criminal Procedure, 1898, for the purpose hereinafter appearing; It is hereby enacted as follows:— V of 1898.

Short title. **1.** This Act may be called the Code of Criminal Procedure (Amendment) Act, 1939.

Amendment of section 388, Act V of 1898. **2.** In sub-section (*1*) of section 388 of the Code of Criminal Procedure, 1898, after the words 'has been sentenced to' the words "imprisonment and fine or" shall be inserted. V of 1898.

STATEMENT OF OBJECTS AND REASONS.

When a person is sentenced to fine and in the alternative to imprisonment in case of non-payment of fine, he is given facilities for the payment of fine and the execution of the sentence of punishment can be suspended for certain periods for this purpose under section 388 of the Code of Criminal Procedure. But these facilities are not available to a person who in addition to fine is sentenced to imprisonment also. This is due to the use of the words "fine only" in sub-section (*1*) of section 388. Evidently it could not have been intended by the Legislature to give facilities in one case and not in the other. In practice this interpretation has caused great hardship especially in cases where the punishment of imprisonment is only nominal. For example in A. I. R. 1933 Cl. page 308, Ali Hasan and another *Vs.* Emperor, where the appellants were convicted to detention till the rising of the court and the fine of Rs. 250 and 60 respectively, it was held by the Calcutta High Court that no time for payment of fine could be granted, as the punishment of fine was coupled with the sentence of imprisonment. It is to remove this hardship that the present amendment is being proposed. It will give the court a discretion to give time for the payment of fine even in cases where in addition to sentence of fine a sentence of imprisonment has also been awarded.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 19th February, 1941:—

L. A. BILL No. 8 OF 1941.

A Bill further to amend the Petroleum Act, 1934

WHEREAS it is expedient further to amend the Petroleum Act, 1934, for the purpose hereinafter appearing; XXX of 1931.

It is hereby enacted as follows:—

Short title. **1.** This Act may be called the Petroleum (Amendment) Act, 1941.

Amendment of section 23, Act XXX of 1934. **2.** For clause (*c*) of sub-section (*1*) of section 23 of the Petroleum Act, 1934, the following clause shall be substituted, namely:— XXX of 1934.

"(*c*) being the holder of a licence issued under section 4 or a person for the time being placed by the holder of such licence in control or in charge of any place where petroleum is being imported or stored, or is under transport, contravenes any condition of such licence or suffers any condition of such licence to be contravened, or".

STATEMENT OF OBJECTS AND REASONS.

Under clause (*c*) of sub-section (*1*) of section 23 of the Petroleum Act, 1934, only the holder of a licence under the Act is liable for punishment for a breach of a condition of the licence held by him. The agent of a licensee is not liable for any punishment under the Act if he commits a breach of the conditions of the licence. In actual practice, the licences under the Act are taken out by the large oil companies and they appoint agents and place them in charge of licensed premises. Cases have occurred in which breaches of conditions of licences have been committed by these agents, but prosecutions launched against such agents have been dismissed by Courts on the ground that the agents are not holders of licences under the Act. It is not always possible to proceed against the licensee in such cases, as breaches of conditions occur for which the licensee cannot reasonably be held responsible. The draft Bill is designed to make agents liable for punishment for breaches of conditions of licences which they commit or are privy to, without freeing licensees from liability for breaches to which they are parties.

VI. *Condition of agricultural stock.*—The condition of livestock was, on the whole, fair. Sporadic cases of cattle disease were, however, reported from 16 districts of the province and from the States of Cooch Behar and Tripura.

VII. *Failure of pasturage and fodder.*—Insufficiency of fodder was reported from the Birbhum district only. Arrangement was made for its import.

VIII. *Prices of food grains.*—During the second fortnight of the month, the retail prices of common rice of the cheapest quality fell in nine and rose in five districts and remained stationary in the rest of the province. The prices ranged from 6½ seers at Darjeeling to 10½ seers at Chittagong Hill Tracts.

IX. *Condition of agricultural population.*—The condition of agricultural population was, on the whole, fair except in the distressed areas of Murshidabad and Birbhum where relief measures were in operation.

No. 3173Mis.—24th March 1941.—The following draft of rules, which in exercise of the power conferred by clause (*01*) of section 138 of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885), the Governor proposes to make, is published for the information of persons likely to be affected thereby.

2. The draft rules will be taken into consideration on or after the 28th April 1941, and any objection or suggestion with respect thereto which may be received by the undersigned before that date through the District Magistrate will be duly considered:—

Draft Rules.

1. Whenever distress due to drought, flood, cyclone or any other natural calamity is apprehended in any district, the district board concerned shall economise in its ordinary expenditure in all reasonable ways and shall set apart as much of its funds as possible for expenditure on works, adapting its programme of works, as far as it can, to subserve the purposes of relief. On the approach of distress, the ordinary works of the district board shall be expanded in order to met the increased demand for labour and to enable the opening of regular relief works to be postponed as long as possible, as also to afford a test of the severity of the distress and of the necessity for regular relief operations. Test works which may be opened in affected areas and such of them as may be continued where the distress is prolonged without the necessity of a declaration of scarcity or famine,

shall, except in cases in which the Provincial Government will decide otherwise, be managed by the district board subject to the control by the District Magistrate and shall be conducted strictly in accordance with the provisions of the Bengal Famine Code, 1913, and the Manual of Practical Instructions regarding Famine Relief Administration in Bengal. Ordinary works in progress under the district board, or required by it, shall, whenever possible, be utilised or opened as test works. In case of any disagreement between the District Magistrate and the district board as to whether ordinary works in progress or works required by the district board shall be so utilised or opened, the matter shall be referred to the Divisional Commissioner whose decision shall be final.

2. Expenditure on test works including the cost of the temporary staff, if any is specially employed for the purpose, shall, in the first instance, be defrayed by the district board concerned and funds may be advanced by the Provincial Government as required. At the final adjustment of accounts, the Provincial Government may reimburse the district board to such extent as may be thought proper upon a consideration of the state of its finances and of the utility to the board of the works carried out and of any expenditure incurred in excess of normal rates on account of the employment of unskilled and unprofitable labour.

3. Except in cases in which the Provincial Government specially directs otherwise, the district board concerned shall continue the test works in progress even when such works become relief works at the declaration of scarcity or famine and shall also conduct those relief works that may be started after such declaration. After the declaration of scarcity or famine, the whole cost of relief works including that of the temporary staff, if any is specially employed for the purpose by the Board but excluding that of the permanent staff of the board, will be borne by the Provincial Government.
